(c) tlie number of build up DDA flats under various schemes that are lying unallotted and from which date and the reasons for not being any takers for these ftat^

(d) UUo number of build up shops lying unauctioned giving details 6f their locations, from which date these are lying vacant and the reasons thereof;

(e) tfie oteps taken by the DDA to sell off these flats and shops; and

(f) liow much amount of the DDA is locked *vp* in these flats and shops?

THE MINISTER OF STATE IN THE MINISTRY OF URBAN DEVELOPMENT (SHRI P. K. THUNGON): (a) and (b) The DDA has reported that due to near exhaustion of the list °f waiting registrants for Category II SFS flats, a *r* new Self Financing Scheme-VII was floated and applications were invited from 19.9.94 to. 15-11-94. A total of 2783 applications have been received under this scheme.

(c) Plats under the Self Financing Housing Scheme are allocated at tht time of starting the construction. Some flat become available for re-allocation/real lotmenfc on account of cancellation and surrender. These flats are reallotted in subsequent releases. In the light of large number of applications received under the Self Financine Scheme VIT, it would not be correct to say that there are no takers for DDA flats.

(d) 3068 built up shops are lying vacant/unallotted. There locations and date since when these units are lying unallotted/unauctioned are given in the Annuexure. (See Appendix 172, Anne xure No. 12.) These units are being put to auction regularly but have not been disposed of due to slump in the property market and tight liquidity posi tion in the money market.

(e) (1) DDA has been putting these shops for sale regularity *[n* auctions.

(2) A more realistic pricing strategy had been adopted for shops and flats.

(3) DDA is holding auctions of shops at site to accelerate the sab ot these units.

(4) DDA is offering discount for flats in the outlying areas.

(f) The amount locked up in respect of shops lying unallotted is given jn the Annexure. (See Appendix 172 Annexure No. 12.) As regards Self Financing Sche me flats, the scheme envisages construc tion of flats with the financial partici pation af the prospective allottees. Therefore there i_s little possibility of DDA funds getting locked up in const ruction of such units.
